7/22 - 7/23

ARA: Marcus Williams, marcus.d.williams@usda.gov

Issued: 07:10 PDT 7/22/26

Interagency Wildland Fire Air Quality Response Program

AIR QUALITY ADVISORY: Oregon Department of Environmental Quality has issued an Air Pollution Advisory for north Jackson County ([more info](#))

FIRE

The [East Evans Creek Fire](#) fire is currently estimated at 15,705 acres and is 26% contained. Fire activity for the [East Evans Creek Fire](#) fire is expected to remain active.

SMOKE

Air quality around the East Evans Creek Fire continues to improve as smoke production from the fire decreases. Another day of GOOD to MODERATE air quality is expected across the forecast area, with the best chance for localized MODERATE to UNHEALTHY FOR SENSITIVE GROUPS air quality near the fire and in nearby drainages during the overnight and early morning hours. Hazy skies are expected at times due to smoke from other fires in the region, but widespread surface-level smoke impacts from the East Evans Creek Fire are not expected. Conditions may change quickly if thunderstorms, outflow winds, or new fire activity develop.

HEALTH STATEMENT

Smoke can be harmful to your health. Check with your doctor if there are any health concerns and monitor your local air quality conditions using the Fire and Smoke Map.

Medford GOOD to MODERATE air quality expected
